Theme & Lessons

Take a trip to an archaeological dig with Professor Carver Stone; his daughter, Ella; his research assistant, Fiona; and her younger brother, Finn as they discover amazing treasures! These aren't the treasures you would find in a museum; they're more valuable than anything else ever unearthed. As you dig into Scripture, you'll find that what's on the inside where Jesus looks is much more beautiful than what man sees on the outside. Join us as we EXCAVATE!
